ENHANCING
DIGITAL SKILLS
ACROSS EUROPE

Getting started: **MEMBERSHIP**

Co-funded by

Foreword

Dear member,

We are glad to welcome you as our member into the ALL DIGITAL network!

With every new member organization joining ALL DIGITAL, we are capable of increasing our impact and effectiveness at EU level, giving voice to all European digital competence centres, public libraries, NGOs and their associations, municipal centres, government centres and their agencies working to empower people through digital skills.

Today more than ever, **collaboration** is recognized as the most effective way to achieve excellence. Based on this approach, the main objective of ALL DIGITAL since the beginning has been to create a community where our members do not feel alone in their mission to **to enhance the digital skills and competences** of all people, making them aware and capable to exploit the opportunities of digital transformation.

With every new member organization, we can increase our impact and profile of all European digital competence centres.

Fourteen years after its establishment as a European network, ALL DIGITAL

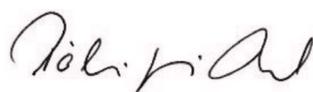

unites more than 90 formal member organizations and hundreds of informal members working together under common values and the shared ambition of promoting **digital inclusion and digital empowerment** for full participation of all Europeans in the 21st century society. We aim to drive knowledge sharing, provide support and encourage cross-border collaboration among the members.

For this reason, we have developed a **welcome guide** that should serve you as a useful source of information about

- the membership conditions,
- all opportunities to participate in the governance of the organization,
- a list of tools and online channels to connect with us and get the latest information

We hope that you will find this guide useful at any point of your membership. If you want to reach out for support, the last section including **ALL DIGITAL team members** will help you decide who to contact best. We welcome your feedback at any time!

A warm welcome from

Peter Palvolgyi
Chief Executive Officer

General Assembly

The General Assembly (GA) is composed of ALL DIGITAL member organisations represented by one chosen delegate and is held once a year. It is dedicated exclusively to our members where each delegate has a voting right on discussed activities, proposals and overall development of ALL DIGITAL.

Each member has one vote on each resolution or any other decision-making process in the GA.

You will be informed about the upcoming GA and its agenda by receiving a personal invitation. For more details, please refer to the Statutes.

The Board

The purpose of GA

- the approval of the proposals of the Board concerning the priorities of the association, its activities and development areas
- the amendment of the statutes
- the nomination and dismissal of the members of the Board
- the approval of the budgets and annual accounts
- the adoption and amendment of the bylaws
- the determination of the amounts of the fees
- the voluntary dissolution of the association
- the exclusion of a member

ALL DIGITAL is managed by the Board of seven **nine members** selected among the members in the GA. Each member has the right to nominate a candidate for the Board in elections

The Board is elected by the GA for a period of two years. It has several face-to-face and online meetings during the year.

If you like to know the present Board members, please check **our website**.

Membership

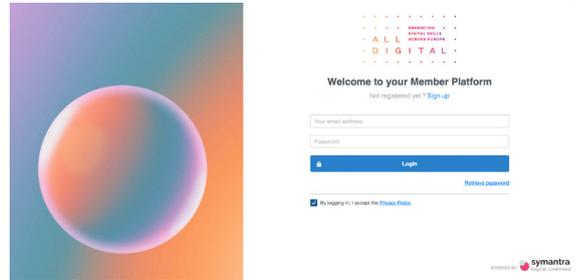

Membership Terms and Conditions

You can find all membership benefits and responsibilities in **Membership terms & conditions document**. Our members should mention they are part of the ALL DIGITAL network. We require you to mention it and add the official ALL DIGITAL logo on your website.

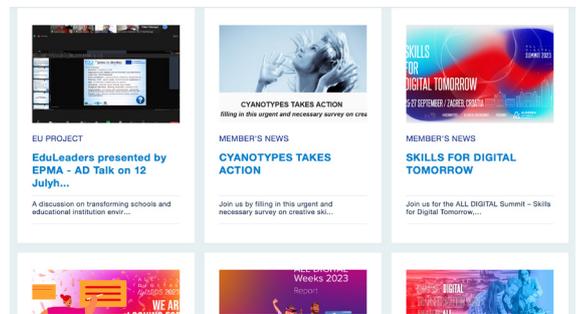

Members Platform and Database

This area of the platform allows you to follow strategic decisions (see the ALL DIGITAL Members Group - document repository) and keep your organisation contacts information up to date (you can update “my profile” section). You can find contact info of other members to get in touch with them.

We use the Platform to communicate with members and to keep you updated on the ALL DIGITAL activities and events, in particular the ones dedicated to members only

To access the members area on our website, please login into the platform:

extranet.all-digital.org/?locale=en#/dashboard

ALL DIGITAL Visual identity

We encourage you to use ALL DIGITAL logos and banners on your website and other material to promote our community.

Please familiarize yourself with the guidelines on how to use ALL DIGITAL logos, banners, colours, and fonts. All the material is on the Members Platform repository under the Visual Identity folder within the “Documents” area.

The Network

Check our dedicated member section on the website with an interactive map including all our current member organisations. All communication with and among members, all the latest updates are on the Members platform (see next page). Make sure you have access to the Members’ Group.

We encourage you to update your information registered on the Members platform; otherwise, the booth of your organisation will not be displayed on the member map.
